

Make a Felt Guinea Pig

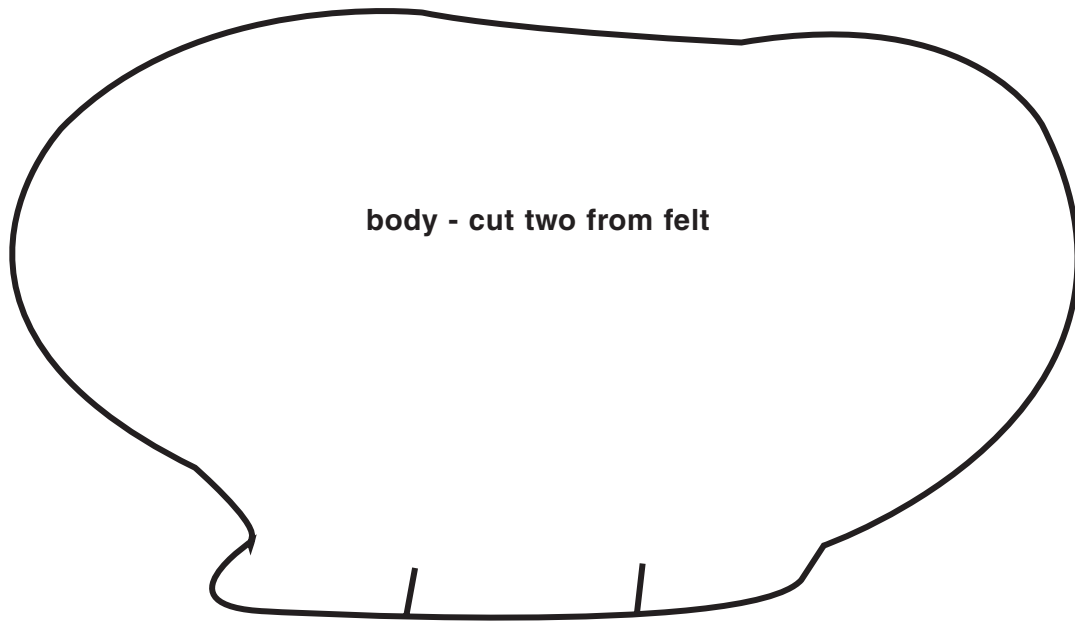

What you need:

- felt—white, tan, or brown and black, pink
- scissors
- tacky glue
- markers
- fiberfill stuffing
- needle and thread

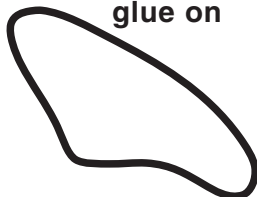

What you do:

1. Enlarge the pattern to the desired size. Use the pattern to cut two guinea pigs on white, tan, or brown felt.
2. Cut two ears (pink or black) and eyes (black) from felt.
3. Glue on ears and eyes.
4. Draw a nose and add any markings on the guinea pig's body.
5. Sew the two pieces together, right side facing out leaving an opening at the bottom for fiberfill stuffing.
6. Stuff the guinea pig and stitch the bottom closed.

body - cut two from felt

ear - cut two from felt and
glue on

eye - draw on or cut two and
glue on
